Re: FOIA Request for Information on CASRN 1873-88-7

Dear Sir or Madam:

Pursuant to the Freedom of Information Act (FOIA) (5 U.S.C. § 552), and EPA's freedom of information regulations, I am writing to request information regarding the chemical substance, *Trisiloxane, 1,1,1,3,5,5,5-heptamethyl-* (Chemical Abstracts Service Registry Number 1873-88-7). This substance, also known as heptamethyltrisiloxane, is listed on the non-confidential portion of the Toxic Substances Control Act (TSCA) (15 U.S.C. § 2601 *et seq.*) Chemical Substance Inventory.

Specifically, we request non-confidential copies of any acute inhalation toxicity information and acute inhalation toxicity studies on this substance that EPA received under TSCA section 8(e) prior to January 1, 2001 (*i.e.*, information received before EPA began posting 8(e) substantial risk and "for your information" submissions online). We also request non-confidential copies of any toxicity profiles generated under TSCA for heptamethyltrisiloxane.

We agree to pay reasonable search and reproduction costs for this information, up to \$200. A quick response would be greatly appreciated. If you have any questions concerning this request, please do not hesitate to contact me at (202) 434-4302 or clarkg@khlaw.com. Thank you in advance for your assistance.

Sincerely,

A handwritten signature in black ink, appearing to read 'Gregory A. Clark', is written over a light blue circular stamp.

Gregory A. Clark
